

ADELANTE LEADERSHIP

SUMMIT 2026

— PRESENTED BY **AVANZAMOS UNIDOS** & **AMMORE CONSULTING** —

SEPTEMBER 11 + 12

**TWO DAYS.
ONE POWERFUL NETWORK.
ENDLESS OPPORTUNITY.**

ADELANTE LEADERSHIP SUMMIT 2026

ABOUT THE SUMMIT

The Adelante Leadership Summit is a two-day gathering bringing together 250+ leaders to strengthen the leadership pipeline shaping Ohio's economic, civic, and community future. By convening emerging talent, seasoned professionals, community leaders, and cross-sector executives, the summit creates a powerful space for connection, collaboration, and leadership development across industries and institutions.

As the Latine population continues to grow across the state, investing in leadership development is essential to ensuring that Ohio's corporate, civic, and nonprofit ecosystems are prepared to thrive in a rapidly changing economy. The summit serves as a critical catalyst for cultivating the next generation of leaders while connecting them to the networks, knowledge, and opportunities needed to drive impact across their communities and professions.

More than a conference, the summit acts as a leadership pipeline accelerator – highlighting cross-sector expertise and fostering a dynamic network of 250+ Latine professionals equipped to drive innovation, representation, and economic growth across Ohio.

ADELANTE LEADERSHIP SUMMIT 2026

WHY THIS MATTERS

Ohio's future leadership is already here – but too often, the pathways connecting talent, opportunity, and influence remain fragmented.

Latine professionals, community leaders, and emerging talent are advancing across sectors, yet remain underrepresented in leadership roles across corporate, civic, and institutional spaces.

This summit is designed to close that gap.

By investing in leadership development, cross-sector connection, and access to opportunity, we are building a stronger, more inclusive leadership ecosystem that reflects the communities shaping Ohio's future.

STRATEGIC VISION

Our vision is to transform the regional leadership landscape by cultivating a robust pipeline of Latine leaders equipped with the tools, strategies, and networks to lead with impact - driving innovation, strengthening institutions, expanding economic opportunity, and increasing representation across Ohio.

At the intersection of cultural identity, professional excellence, and community leadership, the summit is intentionally designed as a space for both connection, growth and application. Participants will engage in interactive sessions that go beyond dialogue – gaining practical tools, proven strategies, and real-world frameworks they can immediately apply within their workplaces, organizations, and communities.

By connecting 250+ leaders across corporate, civic, and professional sectors, the summit not only fosters meaningful relationships, but also equips participants to operationalize what they learn – strengthening Ohio's leadership ecosystem and accelerating a pipeline of talent prepared to lead with impact, whether at the corporate level, non profit or civic life.

LEADERSHIP TRACKS

Participants will engage in one of three specialized tracks designed to build leadership capacity across key sectors shaping Ohio's future. Each track combines strategic insight, practical tools, and peer learning to support real-world application.

ERG & CORPORATE LEADERSHIP

This track explores the intersection of Employee Resource Groups (ERGs) and corporate strategy as a driver of leadership development, innovation, and business impact.

Key Focus Areas:

- Positioning ERGs as drivers of business value and innovation
- Building internal leadership pipelines and advancing talent
- Navigating corporate leadership as a Latine professional
- Strengthening executive sponsorship and organizational influence
- Leveraging data and storytelling to demonstrate impact

CIVIC & BOARD LEADERSHIP

This track is designed to cultivate the next generation of Latine civic leaders, nonprofit executives, board members, and public officials.

Key Focus Areas:

- Pathways to board service and public leadership
- Understanding governance, policy, and decision-making structures
- Building community power and civic influence
- Coalition building and cross-sector collaboration
- Leading within nonprofit and public institutions

CAREER DEVELOPMENT

This track supports emerging and mid-career professionals who are ready to grow, pivot, and lead at the next level.

Key Focus Areas:

- Career mapping and advancement strategies
- Building a strong professional brand and network
- Accessing mentorship and sponsorship opportunities
- Negotiation, compensation, and leadership positioning
- Navigating career transitions and leadership growth

WHAT PARTICIPANTS GAIN

Participants will leave the summit with:

- Practical leadership tools and frameworks to apply in real-world settings
- Strategies to navigate and advance within leadership roles
- Cross-sector relationships that open doors to opportunity
- Access to mentorship, networks, and leadership pathways
- Increased capacity to lead within institutions and communities

COLLABORATIVE APPROACH

The Adelante Leadership Summit is made possible through the partnership between Avanzamos Unidos (Formerly the Young Latino Network) and AmMore Consulting – two organizations deeply committed to advancing leadership, opportunity, and equity for Latine communities.

ABOUT AVANZAMOS UNIDOS

Avanzamos Unidos (formerly the Young Latino Network) is a Latine-led organization working to strengthen communities across Ohio by advancing civic engagement, leadership development, and cultural connection.

Through programs that span civic engagement, leadership development, and community-based learning, the organization has engaged thousands of individuals across the region – building a growing network of leaders equipped to drive change within their communities, workplaces, and institutions.

For over two decades, the organization has worked directly within communities to:

- cultivate emerging leaders
- increase civic participation
- create pathways to leadership and representation
